Consider Electricity—

In your home—it will not only light your rooms but it will cook, clean, sew, wash and iron for you—all at the simple turn of a switch or push of a button.

In your office—it will operate your dictaphone, your adding machine and run your vacuum cleaner—at any time without effort on your part.

In your factory—it will furnish the power for almost every known type of machine.

Consult our specialists as to the particular service which electricity offers you.

INTRODUCTORY

The twelfth revised edition of R. L. Polk & Co.'s Ogden City and Suburban Directory is presented herewith, and the publishers are confident it will meet with the same general approval which has characterized previous editions of this well established publication. All the information contained herein has been secured from reliable sources, and the entire City of Ogden, as well as the outlying districts and suburban towns, have been carefully canvassed by men who are experienced in this particular line of business.

The Street and Avenue Guide of the City of Ogden will be found on pages 15 to 24. This is followed by the Department of Miscellaneous Information (pages 25 to 52). This department contains a vast amount of information, such as Ogden City, Weber County, and Utah State Officials, as well as United States Officers located in Utah; Utah State and United States Courts, Post Office Information, Rates of Postage, Banks, Cemeteries, Churches, Clubs and Societies, Colleges and Schools, Hospitals, Musical Organizations, Newspapers, Public Buildings, Halls, etc. Railroads, Secret and Benevolent Organizations, Trades and Labor Assemblies, Wards and Boundaries, etc., etc. The alphabetical list of names will be found on pages 54 to 638 inclusive. The Classified Business Directory begins on page 640 and ends on page 700.

There are 14,760 individual names in this edition of the Directory. Using the very low multiple of $2\frac{1}{4}$ (to represent the names of women and children not included in the directory list), a population of 33,210 is indicated. The publishers desire to call attention to the fact that the section embraced in this calculation is not confined to the corporate limits of the City of Ogden, but includes the surrounding contiguous territory, which, by reason of its situation and the employment of its residents, is as much identified with and part of the City as though it was within the corporate limits. When this fact is taken into consideration our estimate may be regarded as being very conservative.

NEVADA

STATE GAZETTEER AND BUSINESS DIRECTORY

IT is our intention to make the forthcoming edition of the Nevada State Gazetteer and Business Directory the most complete work of the kind published. It will contain an Accurate Business Directory of every City, Town and Village in Nevada, and the names and addresses of Mill Owners, Country Merchants and Professional Men, etc., etc., who are located adjacent to villages; also lists of Government and County Officers, Commissioners of Deeds, State Boards, Statutory Provisions, Census Statistics, Terms of the Courts, Names of the Postmasters, Postoffices, Express and Telegraph Offices; a complete list of Justices of the Peace; Hotels, with rates per day; Daily and Weekly Newspapers, their politics and day of issue; besides much other information useful to all classes of business and professional men. A complete Farmers' or Land Owner's Directory, showing the number of acres owned, the assessed valuation of same, and Owner's Postoffice Address. A Descriptive Sketch of Each Place will be given, embracing various items of interest, such as the location, population, distances to different points, the most convenient shipping stations, the products that are marketed, stage communication, trade statistics, bonded debt, the nearest bank location, mineral interests, churches, schools, libraries and societies, the price of land, and the inducements offered to settlers. An important feature will be the Classified Directory, giving every business arranged under its special heading, thus enabling our subscribers to obtain at a glance a list of all houses, manufacturing or dealing in any particular line of goods. The work generally will be compiled to meet the wants of the business community, and will be so thorough as to deserve their liberal patronage.
