

SEPT. 26, 1964

Following is a letter sent by the Retiring President of the Belnap Family Organization, Written to the new Presidency, all Present felt that it would be well worth adding to minutes of the Organization.

September 20, 1964

President Lorenzo Belnap
Hooper, Utah

Dear Lorenzo:

Enclosed is a carbon copy of the letter sent to Gilbert Marriott asking for an accounting of the money spent to print the books and an accounting of the records and materials that belong to the family.

I opened the door for you to have the items moved if you wish. I am sorry that I will not be able to be present Saturday, but I do hope that Gilbert has this information for you.

As I told you on the phone I do wish you success and if at any time I can help you I stand at your service.

Will you please express my appreciation to the retiring officers for all the help they gave me and the accomplishments during the past two years belong to the officers. Flora is a real "pearl of great price." You really have a dedicated and loyal supporter with her back as an officer.

Ren I would like to express my feelings about the organization and what I would like to see continue. I have become interested in the family and appreciate the family and organization since seeing the mechanics of its function. I have benefited from my term as President and only hope that the family organization was benefited.

1. I would like to see the family continue to publish the annual newsletter and mail it to the family members.
2. I would like to see a more accurate updating and listing of members names and addresses. In mailing out the notices I must have had 25 or more come back. I believe if we are to be effective we must have the names and addresses of our family. I am sure that with time and effort the names can be corrected.
3. I would like to see an addition made to the 122 page packet we just had printed. I believe we could add 25 or 50 sheets each year reunion and make it a project for getting the information into the family and their libraries.
4. I would like to see the Genealogical Committee organized and functioning as set up in the new by-laws.

My heart-filled thanks to you for your loyal help. I have learned to love you and appreciate the many wonderful people in our family. May we all help you during your term as President and if I can help I will. I hope that we as a family can work together for becoming Saviours on Mount Zion.

Sincerely,
