

July 25, 2010

Dear Joy M. Belnap

We spent yesterday afternoon until 7 pm at the cabin. I swept off the patio, which was full of leaves and lawn clippings and set up two chairs and we read the Book of Mormon. For a snack we went to Subway, used the restroom and ate. Met the owner of Snowberry Inn. I went in the cabin to try and find some bug spray, but it did not work. We did not use the cabin and Sharon did not go inside. I spent only about 5 minutes looking for the spray. I plan on going up to the cabin now and again.

It is time for you to settle your estate plans. All I can see is real trouble if you do not do it NOW. The boys are self-centered and will not comprise on any issue. It is your property and you tell the boys what they are being given. The decision is not there's to make. I suggest the following and the way I would like to see it happen. I think I can enter my opinion since it is my work and effort that went into the building of the estate.

Brian has received the property in Slaterville, help in his home, the boat, snowmobiles, motor cycles, and money for his home in Roy, land where he now is, money for investment from Eden Holding and myself and other items over the year.

Value..... \$200,000 plus

The cabin will never be used by you, Steven, or Brian. You know very well that you and Steven are not physically able to do one thing at the cabin. I should have owned it instead of you. Deed the cabin to Brent today. This will relieve you of the taxes, insurance, electrical bills, maintenance and worry. Brent can take care of the property that I have worked so hard to make a Belnap retreat. I want him to have it.

Value..... \$ 200,000

Write up your will today that upon your death the proceeds from the sale of the home at ¹⁵⁹²~~1392~~ Oakcrest Drive, sale of stock, life insurance proceeds and other assets be first to pay all funeral expenses. Then \$200,000 is given to Steven Belnap and the balance, if any, to be divided equally between Steven, Brian and Brent.

Value \$ 200,000

There is no longer time to think about it and wait. Now is the day to settle the issue. Brent will be here in a few days and so this can be done now. Today! Do not wait any longer. This will settle the issue and relieve you of many worries and responsibilities.

This is the way I would like to see all my efforts be divided and given to the children. This is my wish that you give full consideration to this method of distribution.

Sincerely;

Gordon L. Belnap
