Petitions

A petition signed by Meepes Richter & Co., Buchmiller & Wells,
was read, representing that as Brewers and Malsters, they paid into
the City Treasury, annually, a heavy license; that they purchased their
grain from the farmers, and spent the proceeds of their business among
the citizens, and in building up the City; whereas in importing Beer
means were diverted from the City, which ought to be spent at home.
They asked the Council to protect them in their business by imposing
on all dealers in imported Beer as large a license as they pay; and
made a proposition to pay their licenses yearly in advance, and desired,
as a means of protection to them, that all dealers in imported Beer be
required to do the same.

On motion by Councillor Parry the matter was laid over until
the next meeting, and the Recorder instructed to obtain from the
petitioners a further statement of their grievances.

A petition was read, signed by Jos. M. Harris, Jesse J.
Moushey and one hundred and forty eight others, representing that the

Ten thousand dol. were offered by parties in Ogden City, conditioned that
the other four thousand dol. is raised, of which amount some two Thou-
sand dol. is taken by the citizens; that the said Iron works would be
of great benefit to the City, and increase the value of property at least
twenty percent. They asked the Council to "Loan or advance to the
Iron Co., on the security of the interest bearing, first mortgage bonds
of said Co., a sum not exceeding four thousand dollars, or any part
thereof, as may be necessary for said enterprise."

Another petition in favor of the Ogden Iron Manufacturing Co.
was read; signed by G. W. Bennett, Pres., and Simon Bamberger, Secy
of the Co., and sealed with the Corporate seal of said Comp. Co., stating
that "the Ogden Iron Manufacturing Co. hereby respectfully request
Ogden City, subscribe for and purchase eight or nine of the First
Mortgage Bonds of the Company, which they offered at par."

A petition was read, signed by D. F. They were willing to bear the expense of making the change in the road, which would be a great public benefit.
