GOES TO INVESTIGATE ALLEGED CONFESSION. BASIN, Wyo., Sept. 19.—O. M. Beck, a section foreman here, is on his way to Nebraska to investigate a meager report that a member of the I. W. W. has confessed to having thrown into the river Beck's 7-year-old son, whose body was found in the Big Horn river here, after it had been missing two months.

Late in July Beck's son was missed and until his body was found the family labored under the impression that he had been kidnapped by a gang of I. W. W. whom Beck had discharged from the railroad. The I. W. W. men, it is said, threatened that they would "get even" with Beck. They left Basin on a freight train. As the train was passing the river, neighbors declared that they saw Beck's son standing on the bank.

PROCLAMATION TO THE CHILDREN

President Appeals to the Young People of the United States.

WASHINGTON, Sept. 19.—President Wilson issued a proclamation last night calling upon the school children of the nation to do their part in the war by joining the junior Red Cross to assist in the mercy work of the senior organization.

The proclamation follows: "To the School Children of the United States: A proclamation: 'The President of the United States is also president of the American Red Cross. COLORED MAN HAS A WHEAT TO BE STORED BY FARMERS AND MILLERS GREAT MISFORTUNE IN BOOTLEGGING

COALVILLE, Sept. 18.—An interesting bootlegging case was disposed of here today when Justice of the Peace N. J. Peterson fined Henry Kimes, colored, of Ogden, \$150 for having colored, of Ogden, \$150 for having Kimes' scheme to get ninety-six bottles of whiskey from Evanston, Wyo., over the line into Utah was well laid, but a baggageman caused his plans to go awry.

Kimes had placed the liquor in a trunk and checked the trunk to Emory, a little station on the Echo canyon. COLORED MAN HAS A WHEAT TO BE STORED BY FARMERS AND MILLERS GREAT MISFORTUNE IN BOOTLEGGING

SALT LAKE, Sept. 19.—With a view to averting a possible wheat shortage in Utah during the ensuing year, permission from the national food administration for the storage of wheat by millers and individuals, with reasonable allowances for storage charges, is to be asked by the millers and farmers of the state through W. W. Armstrong, federal food commissioner for Utah.

The wheat situation was discussed at length yesterday afternoon at a meeting of representative milling and wheat-growing interests held at the Commercial club for the purpose of outlining some plan for presentation to the national food administration by Mr. Armstrong, who will leave at noon today to attend a conference of food commissioners of western states with officers of the grain corporation at Washington.

It was brought out at the meeting that inasmuch as local millers could pay no more for wheat than the California buyers, and that the price was stable because of its having been fixed by the federal government, there was no incentive to farmers to hold their wheat. The millers pointed out that inasmuch as local millers could pay no more for wheat than the California buyers, and that the price was stable because of its having been fixed by the federal government, there was no incentive to farmers to hold their wheat.

The advisability of establishing a basic point in Utah or the intermountain country for wheat, on the same basis as Chicago, was questioned, and the only plan which found favor with the majority of those in attendance was that of permitting millers and farmers to store wheat, the government making a reasonable allowance for the storage charges.

Under such conditions, the millers asserted, it would be impossible for them to store sufficient wheat to meet the needs of the state during the ensuing twelve months. The fact that California buyers can pay as much for wheat as the Utah millers, and that there are no prospects for a higher price, it was decided, would result in practically all the wheat growers of the state turning their wheat into cash at the earliest possible moment.

Present Findings. The findings of the meeting will be placed in the hands of Mr. Armstrong today for presentation to the national food administration at Washington.

Keep Yourself Fit for the Daily Struggle

Now that everything costs so much, you can't afford to be laid up with sore, aching kidneys. It's hard to put in a full day's work when you feel dull and tired all the time, and suffer besides with lame back, sharp pains, dizzy spells, headaches and disordered kidney action.

Some occupations bring on kidney trouble; almost any work aggravates it. Don't delay. Help the kidneys before gravel, dropsy, rheumatism, or Bright's disease attacks you. Use Doan's Kidney Pills. They have helped thousands and should do as much for you.

TWO OGDEN REPORTS

Abel Standing, Lieut. City fireman, 246 Twenty-sixth St., says: "About three years ago my kidneys were out of order and the kidney secretions were too free in passage. My back ached steadily across my kidneys. I had often heard of Doan's Kidney Pills so I got some at the Depot Drug Store. The first box did me so much good I continued their use until I was cured. I have never since returned of the trouble since."

Wm. T. Baker, 626 Twenty-seventh St., says: "When a man gets along in years, he is likely to suffer from kidney trouble to some extent. I have had quite a bit of trouble at times. Whenever this complaint has come on, I have noticed the kidney secretions becoming too free in passage causing me to get up often at night. I have used Doan's Kidney Pills from McIntyre's Drug Store whenever I have been troubled in this way and they have never failed to cure me of the attack, upon strengthening my kidneys."
